*The Honourable Michael Bryant  
Ministry of the Attorney General  
720 Bay St, 11th Floor  
Toronto, Ont.  
M5G 2K1*

*Dear Mr. Bryant:*

Re: Access and Use of the Beaches in Tiny Township

*I understand that the public beaches located in Tiny Township have become increasingly difficult to access and there is a new initiative under which these public properties will be treated as though they are a "right of way" thus limiting beach goers to walking only and not permitting anyone to stop and enjoy.*

*I support the notion that public beaches should remain available for use by all individuals and families and that its use should not be under the control of those adjacent to the public property.*

*In this regard, I respectfully request that the Attorney General take the appropriate action to ensure the public beaches in Tiny Township be preserved for the public.*

*If the public rights are not protected by the Attorney General I fear that it will set precedence for other Municipalities in Ontario to follow suit.*

*Therefore, the public's rights throughout the Province will deteriorate.*

*Yours truly,*
